everyday low price: \$22.95
*For 1 liter

CHLOR NO MORE

Chlor No More contains a proprietary blend of minerals that continuously and effectively eliminates algae. The specially treated alloy cylinder has a mineral formulation, and these minerals immediately dissolve from the cylinder and form a stable residual throughout the pool water for up to 6 months.

BOGO Free

@EASE

The self-regulating chlorine that works together with FROG minerals in the easy to use @ease Floating System. Enjoy the benefits of Fresh Mineral Water® that's cleaner, clearer, softer and easier to take care of with the unique properties of SmartChlor™ Technology that uses up to 75% less chlorine and greatly reduces hot tub maintenance like shocking.

STAIN STOP AND STAIN LIFT

Poolife Stain Stop provides protection against scale, stains, and rust caused by minerals in the water such as iron, copper, nickel, manganese, silicon, and zinc. Stain Lift is a concentrated granular stain remover for swimming pools that works quickly and effectively.

FILTER SYSTEMS

The filtration system is the “heart” of your swimming pool. Along with circulation and sanitation, the job of the filtration system is to keep your pool water safe and clean by removing dirt and debris that has entered the water via swimmers and the environment. Compromising the filter of your pool can lead to more time and money spent on maintenance and less time spend on family fun.

10% OFF

SAVE GREEN
by going
GREEN

Have you thought about replacing your current filter or pump with an energy efficient 2-speed or variable speed system? Making the change will allow you to run your filter 24 hours a day while circulating twice the amount of water that a 1-speed pump can circulate in only 8 hours! The result is the safest and cleanest water possible as well as time spent on maintenance, An added bonus....running a 2-speed pump costs less than \$1/day!

AUTOMATIC VACUUMS

TETRA

The Tetra is easy to use and low maintenance. Simply attach it right to your existing filtration system. There are no wheels to jam, bags to empty, or gears that can break.

\$71.99

everyday low price: \$99.99

STINGER

Featuring the patented linear jet and low profile design, the Aquabot Pura 4XT delivers a dramatic boost in suction power and water throughout while speeding up cleaning time.

\$404.99

everyday low price: \$459.99

PROWLER 910

The Prowler 910 Robotic Aboveground Pool Cleaner. Its high-speed scrubbing and powerful vacuuming action effortlessly removes tough dirt from your pool's floor. Both fine and large debris are deposited into an easy to clean, self-contained fine mesh basket.

\$529.99

everyday low price: \$719.99

PROWLER 920

The Prowler 920 Robotic Inground Pool Cleaner offers a superior level of cleaning, scrubbing and vacuuming all the way to the tile line. With two brushes, including one active brush that spins at two times the speed of the tracks, a single LED light and the ability to customize the filtration level.

\$944.99

everyday low price: \$1,209.99

PROWLER 930

The Prowler 930 robotic inground pool cleaner pairs Bluetooth®* wireless technology with deep-scrubbing action to deliver the ultimate in performance and convenience. Plus, the Prowler 930 works independently from your pool's filtration system, and there is no added booster pump to run. Cost-efficient, eco-friendly cleaning has never been easier.
